CHURCHES OF CHRIST SCIENTIST "Mortals and Immortals" is the subject of the Lesson-Sermon on Sunday, November 13, in all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. The Golden Text presents Paul's words to the Corinthians, "As is the earthy, such are also that are earthy; and as is the heavenly, such are they also that are heavenly." Among the Bible texts in the Lesson-Sermon are Paul's words to the Galatians: "Ye did run well; who did hinder you that ye should not obey the truth? . . . A little leaven leaveneth the whole lump. . . . This I say then, Walk in the Spirit, and ye shall not fulfil the lust of the flesh. For the flesh lusteth against the Spirit, and the Spirit against the flesh; and these are contrary the one to the other; so that ye cannot do the things that ye would. But if ye be led of the Spirit, ye are not under the law." A correlative passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, says, "Mortals must change their ideals in order to improve their models."

Christian College Glee Club Program A musical program of exceptional value will be presented at the Torrance Christian church, located on Engracia at Arlington avenues, next Sunday evening, November 13, according to Rev. George Elder, pastor of the church. The Men's Glee Club, 30 voices, Los Angeles, will present the program. The Glee Club is now in its eleventh season. The programs are pleasing, selected from among the best class of music, both sacred and secular. The club will feature the famous "Melody Lane Hum" after the formal program. Herbert H. Toyey is the director. The pastor said: "You will like the way they present their program, its different." A cordial invitation is extended to the residents of Torrance and vicinity. A silver offering will be taken.

Deeks, layreader, the bishop of the diocese has given the church a chance to obtain a regular priest, and the decision will rest with the congregation.

Fire Prevention Talk Arranged By Men's Club Captain Miller of the South Gate fire department, will be present at the meeting of the Men's Club of the First Lutheran church on Friday evening at 8 o'clock in the interest of protection against fire. His talk will be illustrated with slides, pictures to show the best way to leave a burning building if trapped by smoke; what to do for a person overcome by smoke and heat; how much property can be saved by the department by the use of covers properly arranged before the water stream is turned on the fire and other facts to acquaint us with what is the right thing to do under the trying situation of a burning home. Because this subject is so important and the need of information so urgent, the city council, as well as other city officials have been invited. This invitation is extended to every man of Torrance and vicinity, especially home owners should hear Capt. Miller and see his pictures, that there may be an early decreasing loss from fire.

Young Mother Is Called By Death Four young children were left motherless by the death on Tuesday, November 8, of Mrs. Alma I. Shelby, who passed away at her home at 22th street and Main. Death was due to after effects of the flu. The family had resided at the Keystone address for only four months. The body was removed to Mt. Hope cemetery, San Diego, for burial. Mrs. Shelby, who was 26 years of age, was born in Florida and had resided in this state but a short time. She is survived by her husband, Junior S. Shelby, and four children.

Permit Is Asked For Cemetery West of Compton Application to be Passed Upon by Board of Supervisors Public hearing on an application of Walter L. Knox of Watts to establish a new cemetery south of Olive street, less than a mile west of the Compton city boundary line, will be fixed by the clerk of the board of supervisors shortly. Order to fix the hearing was made by the supervisors Monday, but this cannot be held until the canvass of votes is completed, it was pointed out, and this must be decided upon first. The supervisors were informed by Dr. J. L. Pomeroy, county health officer, that there was no objection to establishment of the cemetery from a public health standpoint, although it would be in violation of an existing county ordinance, No. 927, as there are more than 100 dwellings within a radius of a mile. This requires that a permit be issued by the board of supervisors. J. E. Rockhold, county surveyor, reported that there were 158 residences within a two-mile area, by a special check made recently. George W. Jones, county road commissioner, said there was no objection to the cemetery from his department. The regional planning commission, however, reported that the future plans for Olive street called for a 100-foot street, and that no permanent buildings or graves should be placed nearer than 50 feet to the center line of Olive street. The commission stated the cemetery site is in an unrestricted zone, however. The location, south of Olive street at Murphy road, is three-quarters of a mile west of the western boundary of the city of Compton. It is approximately midway between Gardens and Compton, being south of Willowbrook, according to the map which Knox submitted with his application.

When her husband passed away, several years ago, Mrs. Romberg went to Sweden where she took voice training, and returned to the United States to become a noted vocalist and music teacher.
